

REPUBLICANS PLAN CONVENTION DETAILS

Harding Candidacy Given "Pep" By Old Guard In Effort To Weaken Wood

(By Associated Press)
Chicago, June 2—Nominating speeches in the Republican National Convention next week will probably be Thursday, with balloting Friday, the arrangements committee announced today. After the keynote speech by Senator Lodge on Tuesday and appointment of committees, it is said the convention will probably adjourn until Wednesday for committee work.

More than 120,000 persons have applied for the 13,000 available convention seats. The National committee today, resuming work on the convention contest, seated 12 unopposed delegates from Louisiana and dismissed the contest of the "lily white" group.

GOV. MORROW NO LONGER CONSIDERED FOR CHAIRMAN

Chicago, June 2—The "elder statesmen" in the Republican party, who are determined at all hazards to defeat Maj. Gen. Leonard Wood as a candidate for the presidential nomination, are now using Senator Warren G. Harding of Ohio as their principal stalking horse to attain that end.

While there is not believed to be any serious intention among leaders who will play an important part at the convention to contend for the nomination of Mr. Harding, his boom took on new life today under circumstances clearly indicating that it had been the subject of expert treatment and artificial stimulation.

Representatives of the Republican National Committee continue to take the stand that no decision has been reached as to a permanent chairman for the convention which convenes here on Tuesday next.

Senator Henry Cabot Lodge is to be temporary chairman of the convention, and the question still is in doubt as to whether he also shall be permanent chairman. The report that Senator McCormick may be permanent chairman still persists. Mr. McCormick is a treaty irreconcilable, and his appointment may rest upon the ability of party leaders to reach an agreement on this all-important question.

It seems fairly certain at this stage of the campaign that neither Governor Morrow of Kentucky nor former Senator Beveridge of Indiana, both of whom have been mentioned as candidates for the permanent chairmanship, will be selected.

It is probable that no decision will be heard until Mr. Penrose and other of the more important leaders of the party speak their opinions as to the availability of Mr. Lodge and Mr. McCormick.

MIDDLE WEST IS SWINGING TO COX

(By Louis Seibold in N. Y. World)
Washington, June 2—Governor Cox appears to be growing in popular favor with the professional Democratic leaders. He already has Kentucky and Ohio in his string with prospects of landing New York, Indiana, Illinois, and in fact, the greater number of mid-Western states.

The favoring sentiment toward the Ohio governor is largely influenced by the belief of leaders that no man connected with the present administration should be chosen. Governor Cox is pronounced "sound" on all the Democratic essentials. He is for a League of Nations, has provided a very good reconstruction program in his own state, and while not outspokenly wet, is not dry. It is the latter fact that attracts support to him in the larger states. The most important leaders believe that after Gov. Edwards has been deservedly complimented by his own state, New Jersey will go to the Ohio Governor, as well as Pennsylvania, after Mr. Palmer has been eliminated.

While the leaders admit that Mr. McAdoo is an important factor in the race, they do not believe he will win. Their reasons are clear cut and convincing to themselves. They are, in order of their importance, his relationship to President Wilson; his popularity among radical groups such as the non-Partisan League in the northwest, whose president was indicted for sedition; his advocacy

of the demands of radical labor groups, and his espousal of the dry cause.

Mr. McAdoo's campaign has been cleverly managed, in that, while he is held to be decidedly "radical" in some parts of the country, he is credited as having the support of a very powerful group of Wall Street financiers, who assert that he is really a conservative. Of the other democrats for whom delegates have been instructed or tentative promises of support given, each seem to have an "outside" chance but none is regarded as a serious contender for the presidential prize.

Weather For Kentucky

Thunderstorms this afternoon, generally fair tonight; Thursday cooler.

ALLEGED PALMER FAVORED LIQUOR

(By Associated Press)

Washington, June 2—Charges that the campaign for the nomination of Attorney General Palmer, as a democratic candidate for the Presidency, had been conducted in Pennsylvania with an open appeal to distillery and brewing interests in the state, were made today before the Senate investigating committee, by Eugene Bonniwell, of Philadelphia, who distributed literature during the campaign of Wm. G. McAdoo. He said that saloons and bonded warehouses are now running "wide open," and that this is proceeding under the eye of the Department of Justice and prohibition enforcement officers.

COVINGTON HERE AFTER TEACHERS

Superintendent H.S. Cox of the Covington schools is in Richmond, seeking school teachers. Since there are already 28 instructors in the Covington schools taken from previous graduating lists of the Eastern Normal, it is very probable that the number will be added to.

The conditions in the Covington schools are said to have been improved to a great extent recently, since the strike of the instructors some time ago. There was an advance in salary and other conditions have been changed. There are a number of eligibles at the Eastern Normal who will be given their advance certificates on June 10th and it is expected that some of these will respond to the call from Covington. The new teachers will be given the advanced salaries, although some of them have not had experience. After three years' work, they will be eligible to a life-time certificate. These certificates are recognized now in 38 states.

LOCAL MERCHANT TO DEFY H. C. L.

J. S. Stanifer, the Richmond clothing merchant, in an interview with a local newspaper man spoke very encouragingly of the reduction of the H. C. L. Wednesday morning. Mr. Stanifer says he is going to start the ball rolling this week by offering a twenty per cent reduction on clothing, and further stated that it was his intention to continue with these reductions just as far as it is in his power.

Last week the second floor of his store underwent some modern improvements to enable him to open a department exclusively for boys' furnishings. This is the first of its kind ever started in Richmond, and will be arranged with every convenience for the boys. Mr. Stanifer is one of the liveliest merchants in the city and always tries to be in line with the progress sweeping the country. It

BUSY SESSION OF FISCAL COURT

Important Matters Disposed of—Appropriations, Claims and Routine Business

Judge W. K. Price presiding over the regular session of Fiscal Court Tuesday, handled a volume of business came up early during the afternoon, he had heard the pleas and discussions of a large number of people and disposed of a great amount of business came up early in the afternoon.

Many representative citizens, both ladies and men appeared before the court and asked that an appropriation be made to assist the Patti A. Clay Infirmary to install modern heating plant, stating that this institution, and its continued successful operation was essential to the public welfare of the community and evidently this impressed the court as a motion to donate \$1000 for this purpose was unanimously carried after which Miss Helen Bennett in a very gracious manner expressed the thanks of the delegation to the members of the court for their action.

Various citizens from Red House and vicinity were present and through Mr. Sam Todd asked the court to cooperate with the neighborhood and the L. & N. Railroad company in the building of a bridge at Red House across Otter Creek and in making certain changes in the road north and east of Red House to eliminate two grade crossings.

Mr. Todd stated that a considerable amount had already been raised by popular subscription and that further efforts would be made to secure efficient funds to materially assist in the construction of the roads necessary and rights of way to be secured.

Plans and specifications were exhibited to the court by the County Road Engineer J. G. Baxter and the contract covering the offer of the L. N. Railroad company to contribute \$5650, in making the necessary changes was read and upon motion it was unanimously voted to contribute \$10,000 of county funds to assist in the construction of the project as outlined. It appears from the estimates of the Engineer of the county and the railway company that this amount will not cover the entire cost of the work contemplated but an effort will be made by the citizens interested to raise about \$1,000 additional by private subscription which would cover the entire cost of roads bridge and right of way.

An appropriation of \$300 was made for the support of the Kentucky Children's Home society, a state institution at Louisville, this bringing the regular annual contribution. This institution cares for quite a number of destitute Madison county children each year who are sent upon the order of the County Judge.

Quite a discussion occurred as to policy to be pursued as to the roads designated as state roads under the act to become effective July 1st. A number of counties have construed the law to mean that no further expenditure of county funds should be made on these roads after that date, it is assumed to be the opinion of the court that Madison county should assist the State Department of Roads in repairing the 84 miles designated in the county as state roads, at least until such time as the State can secure sufficient revenue to maintain them and create an organization and system for the work.

There was an appropriation of \$1250 for aid in the improvement of Bear Wallow road, in the district bearing that name, and it is expected citizens will procure a like amount and the road improvement be realized yet this year.

Judge Shackelford, of the circuit court was one of the interested spectators for some time, and he asked Judge Price to visit the circuit court and examine the interior with regard to repainting and asked that plans be made for the decoration of the interior of the room. This, Judge Shackelford was assured would be done and obliging Judge Price instructed the "other court" to make a selection of decorations the nature and color etc., and added that there would be no difficulty in having the improvement provided for. So the interior of the circuit courtroom will be finished before the October term of court convenes.

The regular list of claimers were presented and accepted and are being audited. These will bring the business of the county around to the "even" mark, and the business for the month will have been cleared away in a very expedient and satisfactory manner.

TOOK MONEY FROM TWO CANDIDATES

Missouri Politicians Handled Funds For Both Lowden and Harding, Senate Learns

(By Associated Press)

Washington, June 2—Senate investigation of campaign expenditures turned back today to contests in the individual states.

Robert F. Wolfe, publisher of the Columbus Dispatch and Ohio State Journal, estimated that each side in the Ohio contest, made a fight that cost about \$100,000. Chairman Kenyon put in the record a letter from Daniel C. Roper, former Commissioner of Internal Revenue denying that he had opened a campaign headquarters for William G. McAdoo in the Pennsylvania Hotel, in New York City.

E. L. Morse, of Missouri, said he was the man who handled most of the campaign funds of Gov. Lowden in his state. "I received approximately \$32,000," he said.

"What did you do with it?" Chairman Kenyon asked.

"I gave approximately \$17,000 to Mr. Baber, the national committeeman from my state."

Mr. Morse said he disbursed the rest of the money in smaller sums to individuals. When he mentioned giving \$500 to William Cole, Republican state chairman, he was stopped.

"Did you know the Harding people sent Mr. Cole \$1,200 also?" Chairman Kenyon asked.

"Maybe he is for Harding on second choice," Mr. Morse returned.

"Funny thing \$500 for first choice and \$1,200 for second," Senator Reed remarked.

Robert Moore, another one of the Missouri men that received Lowden funds, testified that the money he received "was to be used to meet campaign expenses, for delegates' expenses and anything I saw fit."

"I told Mr. Emerson that there was no need for money for Gov. Lowden in Missouri," Mr. Moore continued.

"Well, you took the money. What did you intend to do with it?" asked Senator Spencer, Republican of Missouri. "I have it now," Mr. Moore replied. "I intended to use it in the election in case Gov. Lowden was nominated. My present intention is to return it forthwith."

"This intention," he added, "has been reached since I received all this unpleasant publicity."

Asked by Senator Reed what he had done with the \$2,500, Mr. Moore said he had put it in a bank to his account, but held it intact.

"Do you know anybody else down there who has gotten the money and hasn't yet made up his mind how to vote?" asked Senator Reed.

"I do not."

"Weren't you surprised at the ease with which that money came?"

"I was a little surprised by the check."

"You've told no other human being that you intended to give it back in case you didn't vote for Lowden?"

"I don't believe the question was ever asked me. The statement I made

RICHMOND BOYS WESTERN PROMOTERS

Have Auto Bus Line, Big Ranch, and Other Interests in Pinedale, Wyoming

Pinedale, Fremont county, Wyoming, the scene of many new homes taken up by the soldier lads, is rapidly becoming an industrial center, and Madison county boys are assisting very materially with the promotion work—in fact, they are recognized as leaders. For instance, when you have the train and inquire the distance to Pinedale, the new headquarters for more than 3,000 home-owners, you will be informed that it is only 115 miles, and this information will be furnished by D. Creswell Carson, formerly of Richmond. He can also tell you that Pinedale is the place of all places; he could tell you truthfully that he is the owner of a little over 900 acres of land in the Pinedale Valley, and that he will take you back to the station, on regular schedule, since he is the promoter and operator of the only auto bus line in that part of the state. It was given out that this could not be done, however, young Carson did not spend several years in the army and in Russia and Siberia, when the mercury fell in love with the point marking the degree below zero, and all that for nothing, not to say rough roads. He established the line, and is doing a big business. He has a valuable assistant at times in the person of "Little Joe" Allman, another Richmond, Ky., boy, who is one of the best cow punchers to be found in the west. "Little Joe" has been identified with a big rancher 35 miles away from where young Carson has established his home and business, and the two are together much of the time. Special attention will be given to the raising of potatoes and wheat in the grain line, and sheep will be given attention, principally in way of livestock. The slopes of the hills afford excellent grazing and the winners are rendered very reasonable owing to the lay of the fertile and rich country. The irrigation is going on and there is every prospect that the property now in the hands of the young "easterners," will soon develop into very valuable possessions.

Joseph Carson a younger son of Mr. and Mrs. Edward Carson, and a brother of the "pioneer" settler, D. Creswell Carson has departed for the west to join his brother.

HEARD ABOUT TOWN

Three gallons of moonshine were found in a car of coal at Pikeville.

Federal agents at Louisville have a quantity of poisoned beer which they assert that confiscated in the city and are holding it for evidence against future operations.

The drivers in the Salvation Army campaign and continuing with the drive and interesting reports are anticipated in the near future.

Preliminary plans for the Chautauque are demanding the attention of a charge of the Eastern Normal.

The scarcity of men at Harrodsburg has become such that boys have been out to work sweeping and cleaning streets.

The cobra, unlike most poisonous reptiles, keeps its poison fangs permanently.

Most of the migratory birds of the Western United States pass the winter in Mexico.

was that in the event I didn't want the money and Gov. Lowden was not nominated, I would return it."

Nat Goldstein told of the circumstances under which \$2,500 was furnished him from Lowden funds. He said he deposited it in his own bank, but considered it in the nature of a "trust fund."

"But, held in your own personal checking account?" Senator Reed interjected.

"Yes."

"Do you expect to return the \$2,500?" Senator Kenyon asked.

"I do, unless Gov. Lowden is nominated," the witness replied. "I've never said I intend to vote for Lowden."

"You gentlemen don't understand the systems of political organization," Mr. Goldstein continued.

"Oh, no, we are mere novices," Chairman Kenyon assured him.

Under Senator Reed's examination Mr. Goldstein said the money transaction was "a mistake."

"Senator, I'm not smart enough to cope with y. u." he finally exclaimed after a shower of questions as to what would be the effect of great money use of the kind in national campaigns.

WOMAN'S CLOTHES FOUND NEAR RIVER

(By Associated Press)

Louisville, Ky., June 2—Clothing found on the banks of the Ohio river yesterday near Shawnee Park was identified today as that of Edna Scott, the missing former head surgical supervisor of the Deaconess hospital here. She assisted in the surgical operation of Theodore Wallace, Jr., nine years old, who died April 2, from complications induced by burns resulting from an application to his abdomen of carbolic acid, mistaken for alcohol.

COTTON CROP IS WORST EVER KNOWN

(By Associated Press)

Washington, June 2—Reporting on condition of the cotton crop on May 25th, at 62 4-10 per cent of normal, the Department of Agriculture announced this as the lowest mark in 50 years and that the recurring statement, "worst ever known," was confirmed. Rain and cold are blamed.

MASONS ACTIVE AT KIRKSVILLE

One of the busiest Masonic lodges in this part of the state is to be found at Kirksville, as the following will prove, since a large number of members are being added to the list. Considerable credit reflects upon Worshipful Master J. T. Long of Madison Lodge No. 183, F. and A. M. of Kirksville, who is a most proficient officer in this capacity.

At the regular meeting on Saturday night, the following new members were admitted to the lodge:

Perry M. Long, Charles Long, C. C. Long, Robert Long, Smith Hagan, Dave Henry, Chas. Turner, Dr. H. C. Pope, T. D. Cotton, Henry Prewitt, John Smith, Covington Jett, Robt. H. Ross, Russell B. Long, and William Long.

SOMETHING ABOUT THIS "DANGEROUS TO MEN" PLAY

Viola Dana is the role of an ugly duckling school girl who transforms herself into a charming young woman with an audacity that enables

her on occasions to pose as a wicked vampire, finds in "Dangerous to Men," a lively screen version of H. V. Esmond's stage drama, "Eliza Comes to Stay," an opportunity for the fullest display of her own powers as a comedienne here Wednesday night.

Eliza is orphaned when her father, on a scientific expedition in Afghanistan, is slain by bandits. His dying act is to save his daughter as the ward of his dearest friend, Sandy Verrall, a serious-minded young scientist. Sandy, who has never seen Eliza is prepared to receive a blue-eyed golden-haired child of ten. He is astonished and chagrined to find that she is a boyish girl of eighteen dressed in ill-fitting clothes of a style guaranteed to make her "safe" from men.

Much of the Madison county tobacco crops will be planted this week, if the favorable weather continues.

The Richmond baseball team is planning number of additional games this season.

COMMENCEMENT WEEK IN RICHMOND SCHOOLS

Beginning Wednesday Evening, Festivities Will Be Concluded On June 9th

Everything is fast getting into readiness for the series of Commencement programs at the Richmond City Schools. The school work proper will close on Friday, June 4th.

This has been a very successful year in many respects. There has been an epidemic as there was last year, and the pupils have done ten full months of work. The number of promotions will consequently be much larger than last year. The average of attendance has been high. The Madison High School enrolled about 40 more pupils than the old Caldwell High School did last year. The total enrollment for the grades and the High School ran above 650.

Junior-Senior Reception
The Commencement week will begin tonight with a reception given by the Junior Class in honor of the Seniors at the Madison High School parlors. The Juniors are making extensive preparations for a great social evening.

Musical Recital
The Music Department, under the direction of Miss Alice Metcalf, will give its annual recital on Thursday evening, June 3, at 8 o'clock, in the Madison High School. An unusually good program has been prepared. Some of the best musical talent in the city will appear in the various numbers. The department is looking for a large attendance because of the many music clubs in the city.

Graded School Entertainment
On Friday evening at 8 o'clock, in the Caldwell auditorium, the grades will render their annual Commencement program. This entertainment promises to be especially good. "Waking the Flowers" is an unusually attractive play for the lower grades, and the grammar grades will appear in a cantata, which will represent the leading nations.

"Two Very Similar Twins," a duet by Ethel Dudderar and Jean Stocker, of Miss Leigh White's room.

Baccalaureate Sermon
Rev. J. V. Logan, of the Crescent Hill Presbyterian church at Louisville, will preach the baccalaureate sermon on Sunday evening, June 6th, at eight o'clock at the First Christian church. Rev. Logan is a former resident of Richmond and all of his friends will be glad to have him back.

Class Night
The Class Night program will be rendered at the Caldwell auditorium on Monday evening, June 7. An admission of 25 cents will be charged. The program follows:

Class SongZada Edwards
President's Address
.....Robt. Vandever
Class WillWalker McKinney
Class GiftoirionRobt. Sandlin
Class Impersonator Sallie Gentry
Class PoetWalter Parks
Class ProphetLanus Howe
Class Play "Striking Oil"

Commencement Night
The Commencement exercises proper will be held on Wednesday evening, June 9, at 8 o'clock, at the Caldwell auditorium. Robert Malloy is the class representative and will deliver his oration entitled, "The New American." There are ten prospective graduates, George Colvin, State Superintendent of Public Instruction, will deliver the Commencement address.

LEXINGTON IS IN EARLY
The members of the Lexington High School baseball team which booked for a game with the Madison High Thursday afternoon at the Eastern Normal grounds, came in Wednesday afternoon for the game. There was a scuffling around for the players and it is the intention to have the game played today.

CARL PREWITT PURCHASES HOME AT KIRKSVILLE
The Presbyterian parsonage and six acres of land at Kirksville was sold Tuesday to Carl Prewitt of Garrard. The consideration was \$6,062. Col. Bob Walker of Richmond conducted the sale.

DRY DAYS

Three Old Timers Tell About the Great Drouth of 1854

(Harrodsburg Herald)

Three Old Timers were seated around the stove in Hotel Harrod office Monday swapping experiences of the days gone by. One of them, 86 years of age, brought up the subject of the great drouth of 1854, and added that he believed history would repeat itself during the summer of 1920. He said it did not rain from June 15, 1854, to December 10, of the same year, when a snow fell which was followed by seasonable rains, and 1855 was one of the most abundant crop years in the history of Kentucky. During the great drouth, Salt and Chaplin rivers went dry as did all the branches and creeks in the county. He said that crops were so short that hundreds of barrels of corn were hauled from Indiana by team and brought \$10 a barrel; that many people drove their stock a distance of 20 miles to the Kentucky river for water, a number coming from as far as Fayette county.

This is the time of year to feed ZARING'S MILL FEED

to your cows and sheep. It helps to grow the young and get them ready for grass.

ZARINGS' MILL

Much stock died on the way and when at last the river was reached numbers of the cattle would stand on the sandbars of the river and drink until they would keel over and drop dead. The next year, 1855, the copious rains caused the corn to be so plentiful that it could be bought at 75 cents and \$1 a barrel, and peace and plenty reigned throughout the land.

Then the second "fiddler," aged 80 years, from the region of Perryville chimed in and endorsed everything the first gentleman had said about the drouth, which he termed terrible and heart rending. He said in the West End of Boyle county so much stock died of want of food and water that the farmers had not sufficient animals to plow their ground the following spring, so they went through the fields and pulled up the corn stubs by the roots and planted the corn without plowing, and the yield was phenomenal.

The third of the trio, a much younger man, said that it had been handed down to him that in his neighborhood, near Oregon, drinking water was so scarce during the drouth of '54, and whisky was so plentiful at 25 cents a gallon, that many people substituted it for water. He also added that he had been told that the farmers in his section drove their stock to what is known as Doug Wilson's pond, the largest body of water in Woodford county. He related how he had been told that an inquisitive inquirer, on hearing the above facts related, had asked how the farmers got their stock across the Kentucky river, and the reply was: "Why, they made the horses, cattle and hogs swim across. People couldn't pay to have that many animals ferried over."

This reminded someone else in the crowd of the story of the old darky preacher, who in the midst of his oratorical oration about the creation, said: "An' den, bruddern, God made Adam out o' mud an' set him up against de fence to dry." In the back of the church an old brother got up and interrupted. "Say, hold on thar a minnit. Who made that fence?" To which the preacher scornfully replied: "Set down thar, nigger, and shut yo' mouf! Does yo' wantter destroy all de philosophy of de world?"

W. T. Best, residing near Harrodsburg, while plowing, found a flint knife said to be a specimen of stone Age culture. It was about seven inches in length and is considered valuable relic.

ANNUAL RECITAL OF MUSIC DEPARTMENT

Miss Alice Metcalf, Director
RICHMOND CITY SCHOOLS
Thursday Evening, June 3, 1920, 8 O'clock
Madison High School Chapel

- Piano—Hungarian Dance in D flat..... Brahms
Mr. Coleman Covington
- Quartet—Lullaby..... McClure
Misses James, Kellogg, Metcalf, Mrs. Thos. McCown
- Voice—Spirit Flower..... Campbell-Tipton

Japan..... Evelyn Ross
Entertainers..... Eight Girls

Another Royal Suggestion

COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies
¾ cup shortening
¾ cup sugar
¾ cup milk
2 eggs
¼ teaspoon grated nutmeg
1 teaspoon vanilla extract or
grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder
Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes
4 tablespoons shortening
1 cup sugar
1 egg
¾ cup milk
1½ cups flour
3 teaspoons Royal Baking Powder
¾ cup cocoa
½ teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes
4 tablespoons shortening
1 cup sugar
¾ cup milk
1 egg
2 cups flour
3 teaspoons Royal Baking Powder
¼ teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

SUMMER JOBS

Young men looking for a real job for the vacation months would do well to consider the offer at Kansas. This year Kansas needs about 40,000 men from other states, in addition to her own supply, to harvest her wheat crop. This is about 18,000 fewer than she needed last year, but it is a goodly number, and the state free employment bureau is already on the lookout for workers.

During the height of the season the hours are long and the work is hard but there are compensations. Kansas farmers are offering to pay 70 cents an hour and to furnish three good meals a day, a lunch and a good bed to sleep in. The harvest season in the northern part of the Kansas wheat belt begin about June 30 and lasts through July 12. It is followed by two or three months of threshing. Hours are shorter then but the pay remains the same, except that the lunch will be omitted.

Such work offers about as complete a change from books and studies as could be found. It offers both health and the adventure of a new undertaking. Certainly any young man who put in his summer weeks in this work and savings with genuine pride and satisfaction. Aside from giving himself a lot of fresh air and real exercise and some cash in the bank, he will have performed a real service for his countrymen.

The electrical storm Sunday night destroyed at Harrodsburg, a blacksmith shop, some wood working shops and several small building.

The "Z" Lives a Long and Useful Life

"Z" Engine endurance is proverbial—it's a lifetime engine. That's because every part liable to wear is case hardened. Push rod rollers—valve stems and cams—contact parts throughout—are made immensely hard by heat treating. They will not wear—nor will they break.

The "Z" has an extra large crankshaft. Not one has ever broken. All "Z" bearings are die cast and removable. Every "Z" part so carefully made that it is absolutely interchangeable. Ample lubrication—positive—well-balanced, correct mechanical design—help make the "Z" the "lifetime" farm engine. On the job—dependable—powerful—always.

Other "Z" features are: Runs on kerosene; coal oil, tops, as well as gasoline; built-in Bosch high tension oscillating magneto; more than rated power; every part interchangeable; clean-cut, efficient design.

WAS HIS LUCKY DAY, HE STATES

"Tanlac Soon Had Me Feeling Just Like a Different Man," Says Phillip Deppe

"It was a lucky day for me when I started taking Tanlac," said Phillip Deppe, 807 East Market street, Louisville, Ky., a well known plumber, who has been in the employ of P. A. Vogle and Son, for many years.

"Why, I actually gained eight pounds in weight in two weeks when I began taking it and the benefits I have received from it are little short of marvelous. For the past two years I had suffered severely from stomach trouble. After every meal what I ate began to sour and I would taste it for hours, and there was a heavy indigestible feeling in my stomach. I often had terrible dizzy spells when I would become very weak, and at times I had to grab hold of something to keep from falling. Also about a year ago, I began to suffer with rheumatism in my arms and legs, which pained me all the time, and often my muscles seemed to draw into knots and it was an effort for me to get around. Then, too, I was bothered a great deal from constipation, for which I had to always be taking some sort of laxative.

"I tried many different treatments and medicines without getting any relief, and had become very much discouraged, but when I saw where Tanlac had benefited so many others who described their condition as being similar to mine, I decided to give it a trial. Well, sir, it just seemed to fit my case exactly, and went right after my troubles at once, and soon I was feeling a different man. I now haven't a trace of stomach trouble, can eat anything I want and everything agrees with me perfectly. My appetite is great and I enjoy what I eat more than I have in years. The rheumatism left me almost as soon as I began taking Tanlac. I never have a pain of any kind and can get about as good as I ever could. In fact, I feel better in every respect than I have in years, and as I owe it all to Tanlac, I am only too glad to recommend it to everybody."

Tanlac is sold in Richmond by Stockton & Son, and in College Hill by Ginter Bros. It

They Work To Music

(By Associated Press)
Bath, Eng., June 1.—To stimulate quicker work in a laundry here, the proprietor has installed a phonograph which grinds out popular songs and dances while the girls scrub and iron. A marked difference in the amount of work done is said to be noticeable.

HEARD ABOUT TOWN

Swat the fly.
Lincoln county producers of wool are pooling their production for better prices.

At Louisville, the claim is made that over 10,000 names were not counted in the taking of the census recently. How about Richmond?

Morris Summers, of Rowland, was bitten on the hand by a monkey some time ago during the visit of a circus at that place, and the hand had to be amputated, and it was with difficulty that his arm was saved.

Fannie Holland, 11-year-old residing at Bowling Green has finished the eighth grade in the public school and was one of the seventy-five to receive a diploma.

Rapid progress is being made on the Irvine street line of excavation for the sewer, since no stone is being encountered. This is better luck than anticipated by the contractors.

L. L. Donald's general store at Pikeville was robbed and then set on fire and completely destroyed, causing a loss of \$27,000, representing the life savings of Mr. Donald. There is no clue to the perpetrators of the deed. The telephone lines were cut before the robbery.

Remember when the baker used to give 13 for a dozen? And when the man driving the butcher wagon used to give away soup bones? And when the greener never counted an extra ounce or two on the scales? And when the candy man offered free samples to taste? And when ice-cream sodas cost a nickel? Them was the days!

C. W. Cobb, "Mayor" and chief booster at Red House, was in the city Tuesday, and seemed jubilant over the prospects of realizing the number of improvements there, which are to include a bridge across Otter Creek, the new highway, the doing away with the railway crossings to the extent of two, at least, a new school building in the near future, etc. Mr. Cobb believes that improvements will continue until this little town is a most a center of considerable population and much business.

Owensboro Market Closes

The tobacco season on the Owensboro market is virtually closed with the sale of 32,731,180 pounds, for which the growers received \$5,159,004.18. This represents only tobacco sold over the looseleaf floors of Owensboro and

does not include probably 8,000,000 or 10,000,000 pounds sold at barns and on other loose leaf floors in the Green River district.

The former Kaiser has dreams of again being ruler of Germany. It's a dream all right.

TOBACCO GROWING WITHIN CITY LIMITS

Several acres of tobacco are thriving within the limits of the city, according to the reports of those having small plots of ground which are being devoted to tobacco raising this year. Along Collins street, John Chambers finished the work of planting a little over four acres. On Smith-Ballard street near by, Ballard Million has almost two acres of fine tobacco growing. The last of the field was set out Monday afternoon and there is promise of an abundant crop. Much of the city garden site property is being given over to the culture of tobacco this year, it is claimed, owing to the high prices which prevailed for some time before the close of sales of last year's crop.

George Bunnel, while plowing on his farm near Danville, dug up a coin bearing the date, 1769. It was of the reign of George III, of Great Britain and Ireland.

Join the American Legion—if you are eligible.

GIFT TO TRANSYLVANIA

The General Education Board of which Dr. Wallace Buttrick of Louisville, is President, has made a grant of \$80,000 toward the endowment of Transylvania College. The gift is made on the condition that Transylvania add \$160,000 to the endowment

in the near future. The General Education Board agrees to pay this amount within a period of three years. However, it will pay to the college, \$6,000 next year, \$5,000 the second year, and \$4,000 the third year as interest, unless it finds it convenient to pay the \$80,000 gift sooner.

FAMOUS EATING HOUSE TO CLOSE

(By Associated Press)

New Orleans, June 2—"Maylies," the famous men's eating house known to tourists, gourmands and bon vivants almost all over the world, has closed. Food prices became so high the management said there was little or no profit in the meals. The cocktails and clarets became unlawful and "Maylies" reluctantly closed its shutters.

Tucked away in an obscure part of Poydras street, "Maylies" catered for 42 years to late breakfast and early dinner guests. Only two meals were served and no one was admitted five minutes after a meal was started. Reservations were necessary in advance. Famous personages from nearly every country in Europe as well as North and South America, have dined there.

The restaurant was strictly for men. Only one woman was successful in reaching the inner shrine. Ruth Law, the aviator, in uniform was able to secure a seat at the table, but after the meal was well started she was recognized. Diners begged that she be allowed to remain and the rules were set aside for once.

BALLARD AGAIN ASSERTS INNOCENCE

Cornelius Ballard, colored, taken to state prison where he is to serve a term of four years for the alleged forging of an order for \$9.50, told Sheriff Whitlock, who took him to Frankfort, that he was not guilty of the charge, and he called upon the Higher Power to witness his plea of innocence.

The Richmond officer stated that Ballard told him confidently he was not guilty; that he was not the man who forged the check. The same story was told Sam Hunter, turnkey at the Madison county jail. The latter said Ballard told him positively, and in the greatest earnestness, that he was not guilty of the bogus paper transaction. The case caused considerable comment, owing to the eloquent plea made to Judge Shackelford. The latter gave the negro his second trial, after he had also given him time to procure additional witnesses. Ballard, however, was unable to prove to the satisfaction of the jury that he was innocent. He informed Judge Shackelford that he had received a fair and impartial trial. Ballard, after his first trial, left the city for some time, but returned to face the charge at the second hearing. The first trial he was convicted and sentenced to three years, instead of four, in state prison. The negro admitted, however, to Sheriff Whitlock, that he had been guilty of a previous charge for which he was convicted.

JUDGE WILLIAM R. CLAY FOR COURT OF APPEALS

Frankfort, Ky., June 2.—Judge William Rogers Clay has filed with Secretary of State Vaughan his declaration papers as a candidate in the Democratic primary for judge of the Court of Appeals in the Fifth district. Judge Clay, who is commissioner of the court, formerly lived in Lexington. Judge John D. Carroll, of Newcastle, represents the Fifth district on the Appellate bench. It is understood that he will not be a candidate for reelection.

American Ship Sale

(By Associated Press)
Washington, June 2.—The sale of American ships to foreign interests, if after a diligent effort by the Shipping Board, it is unable to dispose of them to Americans, is provided in a merchant marine bill as finally agreed upon by the House and Senate conferees after virtually an all night session.

WAREHOUSE WATCHMEN

(By Associated Press)
Louisville, Ky., June 2 Approximate \$229,400 a year will be paid in salaries to watchmen of whiskey warehouses and distilleries in Kentucky out of the \$1,500,000 the U. S. Commissioner of Internal Revenue Hamilton has estimated will be needed to enforce the federal prohibition law in the coming fiscal year.

This fact was learned when Elwood Hamilton, Collector of International Revenue for Kentucky, said he has almost completed organization of a staff of 153 special guards who will be stationed at liquor storage places in the state beginning June 1.

The oldest so-called "original" manuscripts of the Old Testament are in Petrograd, home and Paris and London.

HOW EUROPE CAN ESCAPE COLLAPSE

We Must Aid by Extending Credits, Says Davison.

GRAVE MENACE TO U. S. A.

European Ruin Would Involve America—Starvation and Disease Rampant.

Mr. Motnes, Ia.—Speaking before the General Conference of the Methodist Episcopal Church, Henry P. Davison, chairman of the Board of Governors of the League of Red Cross Societies, said:

As chairman of the Convention of Red Cross Societies, composed of representatives of twenty-seven nations that met recently in Geneva, I am custodian of authoritative reports recording appalling conditions among millions of people living in eastern Europe.

One of the most terrible tragedies in the history of the human race is being enacted within the broad belt of territory lying between the Baltic and the Black and Adriatic Seas.

This area includes the new Baltic States—Poland, Czechoslovakia, the Ukraine, Austria, Hungary, Roumania, Montenegro, Albania and Serbia.

The reports which come to us make it clear that in these war-ravaged lands civilization has broken down. Disease, bereavement and suffering are present in practically every household, while food and clothing are insufficient to make life tolerable.

Men, women and children are dying by thousands, and over vast once-civilized areas there are to be found neither medicinal appliances nor medical skill sufficient to cope with the devastating plagues.

Wholesale starvation is threatened in Poland this summer unless she can procure food supplies in large quantities. There are now approximately 250,000 cases of typhus in Poland and in the area occupied by Polish troops.

Worst Typhus Epidemic in History. This is already one of the worst typhus epidemics in the world's history. In Galicia whole towns are crippled and business suspended. In some districts there is but one doctor to each 150,000 people.

In the Ukraine, we were told, typhus and influenza have affected most of the population.

A report from Vienna, dated February 12, said: "There are rations for three weeks. Death stalks through the streets of Vienna and takes unhindered toll."

Budapest, according to our information, is one vast city of misery and suffering. The number of deaths is double that of births. Of the 160,000 children in the schools, 100,000 are dependent on public charity. There are 150,000 workers idle.

Typhus and smallpox have invaded the four countries composing Czechoslovakia, and there is lack of medicines, soap and physicians.

In Serbia typhus has broken out again and there are but 200 physicians to minister to the needs of that entire country.

In Montenegro, where food is running short, there are but five physicians for a population of 450,000.

America Overflowing With Riches. Returning to the United States a few weeks ago with all these horrors ringing in my ears, I found myself once more in a land whose granaries were overflowing, where health and plenty abounded and where life and activity and eager enterprise were in the full flood.

I asked myself: "What if this plague and famine were here in the great territory between the Atlantic seaboard and the Mississippi valley, which roughly parallels the extent of these ravaged countries and that 65,000,000 of our own people condemned to idleness by lack of raw material and whose fields had been devastated by invasion and rapine were racked by starvation and pestilence and if we had lifted up our voices and invoked the attention of our brothers in happier Europe to our own deep miseries and our cries had fallen on deaf ears, would we not in our despair exclaim against their heartlessness?"

Only Three Ways to Help Europe. There are only three ways by which these stricken lands can secure supplies from the outside world. One is by payment, one by credit, and the third is by exchange of commodities. If these peoples tried to buy materials and supplies in America at the present market value of their currencies Austria would have to pay forty times the original cost, Germany thirteen times, Greece just double, Czechoslovakia fourteen times and Poland fifty times. These figures are official and are a true index of the economic plight of these countries.

It is clear, therefore, that they cannot give us gold for the things they must have, nor have they either products or securities to offer in return for credit. If only they could obtain raw material which these idle millions of theirs could convert into manufactured products they would have something to tender the world in return for its raw material, food and medicine. But if they have neither money nor credit how are they to take this first great step towards redemption?

One-half the world may not eat while the other half starves. How long do you believe the plague of typhus that is taking a hideous death toll in Estonia and Poland and the Ukraine and eating along the fringes of Germany and Czechoslovakia will confine itself to these remote lands? Only last Saturday our health com-

The dead letter office sends thousands of magazines and illustrated papers to hospitals.

missioner of New York, Dr. Copeland, sailed for the other side just to measure the danger and take precaution against such an invasion.

This is one menace at our threshold. The other, more threatening, more terrible, is the menace of the world's ill will. We can afford to die, but to be despised forever as a greedy and pharisaical nation is a fate that we must not incur.

The French government has many serious problems to solve, but the French peasant is working and the French artisan, while still sadly in need of raw materials, has not lost his habit of industry and thrift. The most encouraging fact about France today is that her people are alive to the seriousness of France's problem, and they are going forward bravely to solve that problem.

Italy, despite her great shortage of raw material, is looking forward and not backward. Italy can be relied upon to do her part!

England is meeting the problems of reconstruction just as those who knew her past should have expected her to meet them.

Plan to Aid Central Europe.

It is not for me perhaps to give in detail a formula for solution of the world's ills, but as I have been asked many times, "What would you do?" I am glad to give my own answer.

Accordingly, I would ask:

1. That Congress immediately pass a bill appropriating a sum not to exceed \$500,000,000 for the use of Central and Eastern Europe.

2. That Congress call upon the President to appoint a nonpolitical commission of three Americans, distinguished for their character and executive ability and commanding the respect of the American people. Such a commission should include men of the type of General Pershing, Mr. Hoover or ex-Secretary Lane. I would invest that commission with complete power.

3. I would have the commission instructed to proceed at once, accompanied by proper personnel, to survey conditions in Central and Eastern Europe and then act for the restoration of those countries under such conditions and upon such terms as the commission itself may decide to be practicable and effective. Among the conditions should be provided that there should be no local interference with the free and untrammelled exercise by the commission of its own prerogative of allocating materials. Governmental policies should be eliminated; unreasonable and prejudicial barriers between the various countries should be removed, and such substantial guarantees as may be available should be exacted in order that the conditions imposed should be fulfilled.

4. As to financial terms, I should make them liberal. I would charge no interest for the first three years; for the next three years, 6 per cent, with provision that such interest might be funded if the economic conditions of the country were not approaching normal, or if its exchange conditions were so adverse as to make payment unduly burdensome, I should make the maturity of the obligation 15 years from its date, and I should have no doubt as to its final payment.

5. Immediately the plan was adopted, I would have our government invite other governments in a position to assist, to participate in the undertaking.

6. To set forth completely my opinion, I should add that in the final instructions the American people, through their government, should say to the commission:

"We want you to go and do this job in such a manner as, after study, you think it should be done. This is no ordinary undertaking. The American people trust you to see that it is done right."

I would also say to the commission: "Use so much of this money as is needed." Personally, I am confident that with the assistance and co-operation which would come from other parts of the world the sum of \$500,000,000 from the United States would be more than enough to start these countries on their way to self support and the restoration of normal conditions.

The whole plan, of course, involves many practical considerations, the most serious of which is that of obtaining the money, whether by issuing additional Liberty bonds, an increase in the floating debt or by taxation. But I think we could properly say to the treasury department:

"We know how serious your financial problems are; we know the difficulties which are immediately confronting you; we know the importance of deflation, and we know that the government must economize and that individuals must economize, but we also know that the American government advanced \$10,000,000,000 to its allies to attain victory and peace. Certainly it is worth making the additional advance in order to realize the peace for which we have already struggled, for nothing is more certain than that until normal conditions are restored in Europe there can be no peace."

Above all things, I would say that whatever action is taken should be taken immediately. The crisis is so acute that the situation does not admit of delay, except with the possibility of consequences one hardly dares contemplate.

The situation that I have spread out here is far beyond the scope of individual charity. Only by the action of governments, our own and the others whose resources enable them to co-operate, can aid be given in sufficient volume. I am also confident that our action would be followed by the governments of Great Britain, of Holland, of the Scandinavian countries, of Spain and Japan, and that France and Belgium and Italy, notwithstanding all of their losses, would help to the best of their ability.

The European blackbird is closely related to the American robin, differing chiefly in color.

BIDS FOR WORKMEN INCREASE THE WAGE

Tradesmen In Richmond Quit the Fields to Set Tobacco

The insistence of tobacco raisers in Madison county upon receiving 1-1/2 up in getting their plants out has raised the price of workers and today men are offering \$1.50 and some as much as \$1.60 per hour for good workmen. There are infringements being made upon various trades in the city and there was a noticeable scarcity of carpenters Tuesday morning. Some of them who were employed on jobs that were in no hurry were allowed to go to the tobacco fields and assist with the work. The high wages appealed to others and they left their regular work to "get in" on the high wages while they lasted.

An ice company in the city reported a scarcity of workmen Tuesday morning and one of the wagons was in charge of but one man, who did the driving as well as taking orders and delivering the ice. He said that he was leading a "dog's life," and put out a standing offer of \$3 for a man to drive his team, but he had to finish the day's work alone. There is no one in the city out of employment who is desirous of putting his shoulder to the wheel these days.

The new building, the street work together with the paving proposition on with many outside men at work here, makes the city a busy place. The situation is one such as had never been presented before, employers say. They assert that they are unable to recall the time when men could not be obtained for high wages, but this is exactly the condition of affairs presented now.

COLLEGE HILL

The annual Decoration day exercise were held here Saturday afternoon. There was a good crowd in attendance and a great many pretty flowers were placed on the graves of those who sleep in this beautiful little cemetery.

Those who attended the decoration from a distance were Dr. Walter Winburn, Mr. and Mrs. George Albert Winburn, Mr. and Mrs. George Lewis, George Lewis, Jr., Mrs. Eva Botson and two little daughters of Winchester.

Mr. and Mrs. Thomas Christopher Mrs. Zelia Taylor and Dr. E. E. Edward of Irvine.

Mrs. Sam Willoughby and daughters, Mrs. Susie Willoughby, Mrs. H. F. Edward, Mrs. Wm. Martin all of Richmond.

Mr. and Mrs. Ben Hockinsworth of Midway, (visited Mr. and Mrs. Alex Hockinsworth Saturday).

Mrs. Fannie Bridges and daughter of Frankfort are visiting Mr. and Mrs. Dewitt Griggs.

Wisconsin Bankers To Meet

(By Associated Press)

Milwaukee, Wis., June 2.—The Wisconsin Bankers' Association will hold its annual convention this month in a town of less than 200 inhabitants. This is in keeping with its "back to the soil policy." The place is the village of North Lake.

Public Auction!

20 head

—of—
Draft Mares, Breedy Drivers, Saddlers and Ponies

HEARD ABOUT TOWN

W. S. Huffman, formerly of Hustonville, Lincoln county, but for a number of years in the government service in the west, has joined the staff of the Richmond Welch Company, and will be on the field staff of the Lally light department.

Col. Jim Maret had the following of interest here, among the Reminiscences of other days he is contributing to the Mt. Vernon Signal: Among the telegraph operators the writer put on the road from Mt. Vernon, were: W. J. and R. L. Newcomb, Charles Van Arsdall, J. W. Stephens, (Berea), J. W. Slavin, (Texas), Vic Owens, M. C. Mille, (Glen Mary), B. P. Martin, (Rowland), J. K. Maret, (Fort Estill Junction), W. H. Bower, (Richmond), and others. The first operator to work the key in Mt. Vernon was smiling Johnnie Nagel, on government in 1862.

Young Man!

The choice of your graduation gift from the folks at home will doubtless be up to you. Choose the gift that lasts a lifetime—an ELGIN! Your school days have taught you to be your own timekeeper. To plan your time ahead and work to schedule. You'll find that the graduate who sticks to that habit is the man who gets ahead in life. Let the new world into which you are now stepping, see in you a man who safeguards it with precision—the proud possessor of a Lord Elgin Streamline!

L. E. Lane

Sidney Adams, of Cleveland, special operator for the Western Union, is here for a couple of weeks, relieving Manager Miss Sue Bolton, while she is on her vacation.

Of all the immigrants coming into the United States, there are said to be no cooks. Many of the foreign countries have been so poor they had nothing to cook.

The soldier-farmer boy has failed to go back to the farm, whether or not it was on account of gay Paree, for there is but a little over 72 per cent of them who have returned, according to statistics just completed.

Whisky in cocoanuts from the tropics is the latest, according to a Philadelphia woman who recently procured about a pint from one which she had purchased to make a pie.

All autoists and drivers of vehicles in Detroit who injure anyone must go to jail, according to the municipal court judges. Must have some jail space.

Louisville claims 53,000 women voters.

Burglars got \$200 and jewelry at the home of A. J. Stitzel, Louisville, during the absence of the family.

Road work has been taken up in several parts of the state as a result of the effect of the relief in car shortage. The effect it is believed, will be more general within a week, and almost a normal state is expected soon.

All talks to 1920 graduates of the Southern Baptist Theological Seminary, Louisville, will be made by members of the class of 1885.

AUCTION SALE

Monday, June 7th, Court Day
I will sell to the highest bidder about 7 sets of the best double harness ever offered at auction; some single harness men's and women's saddles, 1 extra checkline, 1 riding cultivator, good as new; some nice furniture, 2 large druggets, good as new; a few good broke horses some ponies and outfits, and a nice four-year-old Jersey cow and calf a beauty and a good one; and many other things.

ROB WALKER, the Auctioneer.
Walker will go to Paint Lick Thursday, June 10, to sell all the real estate and personal property of Mr. E. Williams, who is leaving Paint Lick on account of the health of his child. You will find anything you want at this

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for

more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market. This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

You are invited to write for valuable literature and medical advice, which will be sent without cost. Address Chief Medical Adviser, Swift Laboratory, Atlanta.

SPECIAL RATES TO BLUE RIDGE, N. C.

Important Information for Those
Contemplating Trip to Conference Last of Month

The Missionary Educational conference at Blue Ridge, N. C., will be held from June 25 to July 5, and up to the present time there has been a greater registration than ever before for this corresponding period. Dr. Howard D. Cree, in charge of the arrangements, is sending out the word that the attendance, in all probability, will be the greatest in the history of the organization. Prospective visitors have already sought about one-third of the accommodations, although the conference is almost a month off. The reservations continue and the arrangement committee is becoming apprehensive regarding the stopping place. Special rates are being offered by all railroads in the southeast and the cost of the outing at Blue Ridge, exclusive of railroad fare, will be less than \$50. This information is sent out officially for the benefit of those contemplating the trip.

The Eastern Kentucky State Normal school will be represented by both boys and girls and they will represent the greatest number ever sent from the local school in one year. Plans have been under way for some time in regard to furnishing funds for their expenses, and these, it is believed, will have been provided for fully before the time comes for departing.

The conference is one of eight similar gatherings being held in various sections of the United States under direction of the Interchurch World Movement. Lectures and study classes on all phases of home and foreign mission work have arranged under the supervision of some of the most noted authorities on missionary activity. The conference is designed to be especially helpful to members of young people's societies missionary societies and all organizations related to church activities. High schools and colleges send many visitors each year. Class work and lectures are to be held in the mornings, while the afternoons are given over to recreational activities, with the wonderful scenery of the Blue Ridge mountains as a background for the entire program.

Among the speakers at the conference will be Dr. H. F. LaFlamme, former missionary to Indiana and now secretary to the Interchurch World Movement; Dr. John Archer, of the Isle divinity school; Henry F. Williams, secretary of the board of missions of the Presbyterian church; Mrs. J. H. McCoy, of Nashville; Miss Bertha Richards, of Raleigh, and others.

Wyoming Women Prove They Can Win At Polls

Out in Wyoming the experiment of having two municipal tickets in the town of Jackson one composed of women nominees and the other of men, has given the men something to ponder about. With all the women victorious, even to the one who ran against her husband, there was opportunity to demonstrate just what can be done by the wives and daughters who have hitherto looked on while the civic housekeeping was more or less neglected. Mrs. Grace Miller, the new mayor, doubtless will have a term of office in which she can accomplish such reform: that the men who were defeated will be glad they lost the election.

Wyoming has the distinction of being the first State in which women were enfranchised, and its long advance in political progress appears to count for something. There should be every reason now for making sure that the entire city government will vote the National Democratic ticket, since the Democrats have proved that they believe women to be entitled to the same political honors and privileges as men.

COTTONBURG

Mr. and Mrs. L. M. Curtis entertained a number of their friends Sunday Jesse Edgar Sloan is improving after being ill for some time.

Arthur Dailey and family and Mr. and Mrs. William Ward were guests of Mr. and Mrs. Burdette Dailey on Sunday.

Mr. and Mrs. E. C. Tussey entertained Mrs. Ray and Mr. and Mrs. F. B. Tussey and family this week.

Mrs. G. J. Sowles and daughter, Jessie D., were guests of Mrs. L. H. Moberly, at Ruthon, Wednesday.

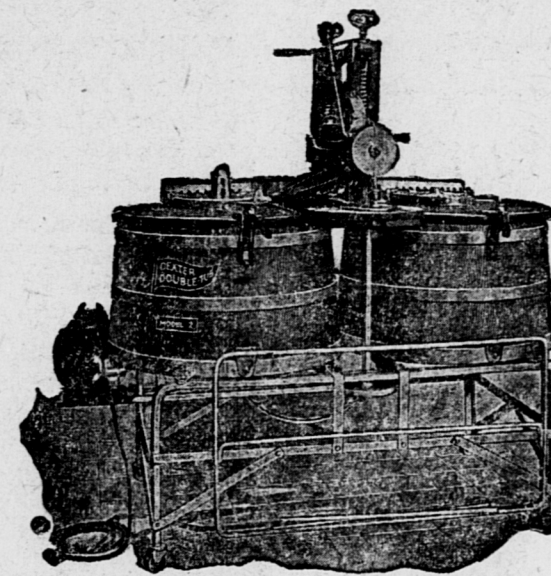

Little Ernestine Best, who has been ill, is greatly improved.

Mr. and Mrs. Will Elsurth and family visited Mr. and Mrs. Robert Long Sunday.

Mrs. Reatha Murphy visited Misses Maudie and Jessie Sowers Tuesday.

The average annual loss of cotton from the cotton worm is placed at \$15,000,000.

Demonstration OF THE DEXTER "DOUBLE-TUB" ON MONDAY and TUESDAY JUNE 7th JUNE 8th

SOME INTERESTING FACTS ABOUT THE DEXTER

In this time and labor saving machine, the clothes are routed straight through from the hamper to the line in one, two, three order. There is no instant delay on the way—no muss or fuss and very little work for the operator.

Dexter Double Tub will turn out a large family washing in a very short time—cleanse the clothes to a snowy white, without boiling or hand rubbing and is so designed that it saves all the unnecessary steps which must be taken when the ordinary power washer is used.

The Dexter improved swinging wringer operates in any desired position, carrying the clothes forward from one operation to another. The folding steel bench at the side accommodates extra rinse tub and clothes basket, bringing all the necessary tools for each washing operation to the right place, at just the right time.

IT CUTS WASHING TIME IN TWO

The clothes get their first washing in the warm suds of tub No. 1, are then wrung directly into the hot suds of tub No. 2, from there they are wrung into the rinse tub on the folding shelf, next into the blueing water, and finally into the clothes basket, and all the time there is another lot of clothes following in the tub just behind.

The World's Largest Tire Factory Building 30x3, 30x3½ and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

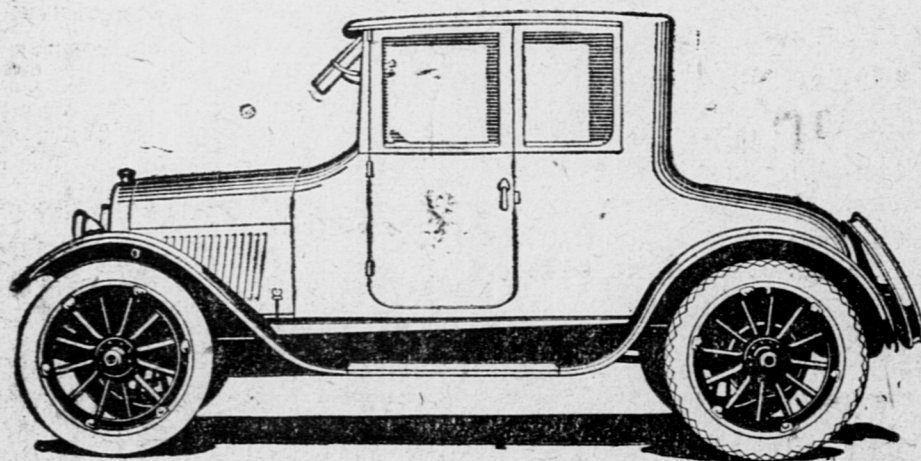

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50

Would You Lose If Your Property Burned Today?

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914. Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

John W. Crooke, Resident Agent
Richmond, Kentucky

BIG HOG SALE TUESDAY

Melvin Ballinger, residing on the Lexington pike, brought more than 100 head of hogs to the city Tuesday afternoon which were shipped to market. The sale price was given as "satisfactory," when the owner of the porkers was questioned. He stated that he would have a greater shipment in the near future.

MARRIAGE LICENSE ISSUED

One marriage license was issued on the first day of the month, the applicants being a couple from Berea, Gilbert F. Moss, 21, a farmer, and Miss Sallie B. Botkin, aged 22, also of Berea. The pair returned to Berea, where the wedding took place Tuesday evening at the home of the bride's parents.

ELECT TEACHERS NEXT SATURDAY

The corps of teachers for the county schools of Madison county numbering about 115, will be elected at a meeting of the board to be held Saturday afternoon at two o'clock at the office of County School Superintendent Ben F. Edwards here.

The members of the board expect to have almost every teacher who desires to teach, and who is to apply for a license to teach, to be present. The meeting will result in the selection of teachers for the fall term of school, and this will give them an opportunity to estimate the amount of material on hand.

The grading of the papers of the teachers who recently took the examination is now going on at Frankfort, and reports are expected to be issued from there soon. There is an especially large corps of graders, for the purpose of getting out the list of successful applicants at the earliest possible period. It is known that there will be a sufficient number, and perhaps a surplus, of teachers for Madison county, however, there is a big demand for them at other places, and officers of the board are of the opinion that all who desire to instruct, will be given a place. The meeting will be called at 2 o'clock.

BIG COURT DAY EXPECTED

Since the favorable weather has permitted of corn being planted as well as a good supply of tobacco in Madison county, there are indications of a big attendance on court day next Monday. It is said that many of the farmers who are not raising much tobacco will be able to be in attendance.

NEW CHRISTIAN CHURCH PROBABLE

Board Prepares To Start Important Work Immediately, Owing To Present Conditions

Sunday night at a meeting of the members of the board of the Second Christian church, Big Hill avenue, it was decided to remedy the inadequate accommodations of the church, and this will be done, perhaps on an extensive scale. The board decided to either remodel the church, or, if given sufficient assistance and encouragement, build a new edifice altogether. This latter proposition is the favorite one and will be given serious consideration. In this case the new church will be constructed on the present site and will be modern in all details.

For some time the capacity of the church has been limiting the congregations. This fact has not only been noticeable to the presiding elder, Rev. D. H. Matherly, but to members of the board, who have been cognizant of the existing conditions, and also of the increased interest in the church and Sunday School, as well as the number of new members being added.

There have been a number of board meetings held recently, and it was definitely decided to "do something." The matter of procuring a new furnace for the present church and do with remodeling for another year is contemplated by some, while others are of the belief that the congregation would be able, by hard work, to build a new church throughout. It is assured, however, that there will be ample accommodations for all who desire to worship there, in the near future, since the board has decided to take action and do it immediately. There were a large number of men and women, it is said, unable to get into the church Sunday evening, a case not all unusual. The work of the minister is greatly appreciated and the members of the board are anxious to show their appreciation and the coming of the new members by taking swift action to meet the demands.

The church board is comprised of the following: J. C. Todd, Thomas A. Shelton, Jennings Rymell, H. C. Rice, Jacob and Charles Derringer, James Willis, J. C. Proctor, William Wheeler, J. A. Todd.

Upon the announcement that the board had taken action, members of the Ladies' Aid Society of the church immediately pledged \$100 to start the fund. There will be committees selected and they will go to work and a campaign for funds will be inaugurated immediately. The result of this work will greatly govern the nature and extent of the improvements to be given the church question at this time.

MISS PATTIE GIVEN A RARE FRAT HONOR

Miss Lucy Pattie, of Frankfort, who is the only woman member of the Sigma Alpha Epsilon fraternity, has been presented with a fraternity pin by the society.

The pin was brought to Frankfort and presented to Miss Pattie by William C. Levero, of Evanston, Ill., historian of the fraternity.

Miss Pattie was entrusted with the records and ritual of the fraternity during the Civil war. When the war closed the books were claimed by the members of the fraternity and the work of the organization continued. For her services during the war Miss Pattie was made a member of the organization.

Dr. C. D. Pattie, father of Miss Pattie, is of this city, where his daughter is popularly known.

MEAT MARKET SOLD

M. H. Wells and Son is the style of the Main street meat market, formerly owned by Mr. Robert C. White, and known as the Culton Meat Market. The deal was perfected Tuesday morning and Mr. White gave immediate possession. Messrs. Cyrus B. Wells and E. L. Maupin are in charge, and will offer the same courteous treatment which has characterized this establishment for many years. Mr. M. H. Wells wants his friends to know that he will continue his meat department at his grocery on Second street.

Two big American eagles were killed in the vicinity of Mt. Olivit, Ky., one of them measuring more than seven feet from tip to tip.

651-2 Acres

The E. M. Shelley Farm At Auction

Saturday, June 12

10 O'CLOCK

Boyle County, Kentucky

Two and one-half miles Danville on Stanford pike.

Limestone soil. About 35 acres a level, fertile bottom balance gently rolling Fronts right on the pike.

IMPROVEMENTS—6 room frame cottage, 2 porches, milk house, garage stock barn, 5 acre tobacco barn, 135 barrel steel crib, 2 poultry houses and yards. Orchard, cistern, abundance of stock water.

1920 Crops—16 acres corn, 5 acres tobacco, 24 acres wheat, 4 acres oats, 9 acres clover, balance in blue grass.

This is a dandy little farm and if you buy it you will want to keep it. Few on the market like this one.

Fine neighbors, close to schools and everybody knows Danville, with its Colleges, Churches, Banking facilities, markets, and in fact every advantage.

Get busy. Look at this one. A sale for the "High Dollar." No by-bids. Easy Terms and possession January 1, 1921.

Somebody will get a bargain in this one. See Mr. Shelley or W. E. Moss, or R. H. Dever, at Danville, or

Swinebroad, the Real Estate Man

Sales Manager
LANCASTER, KENTUCKY

Dates of other sales—June 8th, 15th, 16th, 17th, 19th, 22nd, 26th, and July 1st. Write for descriptive catalog.

ON WEDNESDAY, JUNE 16

10 O'CLOCK

AND

THURSDAY, JUNE 17

10 O'CLOCK

WE WILL SELL

PUBLIC AUCTION Two Farms for B. D. Holtzclaw

Location of Farm No. 1, to be sold on June 16th—102 acres in Lincoln county, Ky., on the Stanford and Crab Orchard pike, 8 miles Stanford, 2 miles Crab Orchard. This is a nice home—a pleasant place to live. 8 room, two story dwelling, 2 halls and 2 porches. Large stock barn 70x62 feet with 11 box stalls and cattle sheds, concrete silo 14x40, cribs and other outbuildings. Beautiful yard to pike. No waste land on this farm. 30 acres in corn, 60 acres in grass, balance in timber. We don't know what this farm will bring, but if you want a good home and 100 acres of land to cost you around \$15,000, DON'T OVERLOOK THIS. But remember it is up and selling to the "High Dollar." You name the price. Sold for possession in 30 days or January 1, 1921, as you prefer.

Location of Farm No. 2 to be sold on June 17th—211 acres in Lincoln county, 1-2 miles from the Danville and Stanford pike, 3 miles from Stanford, 2 miles from Danville, on Hanging Fork. Everybody knows that good Hanging Fork land. Some virgin Blue Grass sod. Now this is a corking good farm and a producer. 6 room dwelling, 2 halls and 2 porches, 2 stock barns, tenant house and other outbuildings. New tobacco barn to be built right away. 10 acres tobacco, 60 acres corn, 50 acres meadow (and this is some meadow), balance in grass. Now listen—By reason of not fronting right on the pike this farm may sell for a real bargain. It is certainly a money maker. Attend these sales. It might be the most profitable trip in your life.

Remember Swinebroad "ALWAYS SELLS," and worth the money. The only man who always advertises no by-bids and then sticks to it. This farm will perhaps be sold in two tracts to give the 100 acre man a chance to buy.

Memorize the two dates—June 16th and 17th, and the locations. Then follow your memory. The land will be sold on easy terms, and for possession at once with the crops, or January 1, 1921, as the purchaser may prefer. Buy land now, you will have to pay more later. Many have missed a bargain by failure to attend at my sales. Don't let these opportunities slip.

For further particulars see B. D. Holtzclaw at the farms, or W. E. Moss or R. H. Dever, at my offices at Danville, Ky., or

SWINEBROAD, the Real Estate Man

LANCASTER, KENTUCKY

Bolivar Bond, Auctioneer.

Just after the sale on the 16th, Mr. and Mrs. J. W. Crutcher will furnish lunch at their home just across the pike and then sell their farm of 140 acres.

Best Remedy For Stomach Trouble

"I am always pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Mamie Bertell, of Moberly, Mo., "I think they are the best remedy for stomach troubles, biliousness and constipation I have ever used. I have taken them off and on for two or three years and they always relieve indigestion, tone up the liver and make me feel fine."

The Germans are all excited and proud about the rise in value of their marks. They've jumped from 1 cent apiece to 2 cents. Before Germany tried to make her mark in the world by force they were worth 24 cents.

CARPENTERS ARE BUSY

The carpenters of the city are busy as can be, although they have been steadily engaged since the first favorable weather of spring. Nelson Ross said Tuesday there was room for more workmen in this line, but they could not be obtained. There is much new as well as old work to be done in Richmond, and local carpenters are not making the usual trips to the country this year. They declare the city work more than keeps them busy.

Miss Virginia Ray, of Bowling Green, is a new stenographer in the business office of the Eastern Normal school.

TOBACCO PRICES AT ISSUE

Washington, June 1—A favorable report was made Monday by the House committee on Interstate and Foreign Commerce on a resolution of Representative Wm. J. Fields, of Kentucky, directing an investigation to determine the justice of prices paid for tobacco during the recent market. The resolution also authorizes an investigation to be made of the depreciation of tobacco on the loose leaf floors and in the manufactured product. An effort is to be made to get the resolution on the unanimous consent calendar so that it can be considered this week before adjournment or recess.

COMMENCEMENT PLANS

NEAR COMPLETION AT BEREA
Plans for the 1920 commencement at Berea College are being completed and when the baccalaureate address is delivered on Sunday evening, June 6th, by President Frost, it will mark the last of his work at the institution. W. J. Hutchins, president elect, will be inducted into office upon this occasion. President Frost asks that all students who desire to see him upon the final evening of his long official career at the college, be in attendance. The official installation into office however will be on Tuesday, June 8th. Plans are being made for the attendance of several former Berea residents at the alumni.

Work On New Vault

The work on the new vault of the Southern National Bank will soon be ready for the finishing touches on the inside, there being but little yet to do in the concrete and re-enforcement work. When completed the vault will be one of the staunchest and extensive in this part of the state.

Neale C. Cox, of Mt. Sterling, drove over Saturday and spent the day with his brother, Beecher Adams, pharmacist at the Stockton Drug Store. He has been visiting his old home in Lincoln county, and other points in Kentucky while on his vacation.

Work On Main Street

The street roller is hard at work on Main street, and this thoroughfare between Second and Third streets will soon be nearly in normal condition. As much so as can be expected, since having been dug up, but will remain as the roller leaves it until the street paving.

The new Mexican revolution so far has been astonishingly mild, almost bloodless, so was the Russian revolution—at first.

CELEBRATED BAND WILL COME SUNDAY

The celebrated band from the I. O. O. F. home at Lexington has been procured and will furnish music for the Memorial day services next Sunday when the I. O. O. F., K. of P. and I. O. R. M. lodges of Richmond will observe the day. There will also be a number of noted lodge members among the visitors to the city. One of them will be former State Grand Master of the I. O. O. F. lodges of Kentucky, W. V. Gregory, of Louisville, formerly of Mayfield, now a federal attorney. He will deliver the address of the day. Another will in all probability be the present State Grand Master, W. B. Harris, also of Mayfield.

C. C. Wallace, a Richmond attorney will be the presiding officer and introduce the speakers of the day and conduct the line of march of the I. O. O. F. lodge. Lexington, besides the band, will send a delegation of representatives of the three lodges to Richmond to participate in the ceremonies. The band is one of the foremost in the state although composed of boys. There will be 20 pieces and the securing of their services assures good music for the day.

SQUIRRELS AS PETS

Many little squirrels are to be seen about the trees of the city these days, and not a few of them have been caught and taken for pets. One man said that he had four little gray squirrels, and after he had taken them home, the mother squirrel came. He fed them and they seem quite contented, he said, and had domiciled themselves in a tree in his front yard.

RUTHTON

Brother Howard preached Sunday at Corinth to a very attentive congregation.

Miss Mary Bellamy has returned from a week's visit with Mr. and Mrs. R. L. Moberly.

Mr. and Mrs. Robert Griggs, Mr. and Mrs. Major Hamm and children visited Mr. and Mrs. J. H. Moore on Sunday.

Mr. and Mrs. Bert Prewitt and Brother Howard were dinner guests Sunday of Mr. and Mrs. Burton Moberly.

Mr. and Mrs. Luther West entertained a number of their friends at dinner Sunday. Those present were: Mr. and Mrs. R. L. Moberly, Miss Mary Bellamy, Mr. and Mrs. Edward Roberts and children, Mr. and Mrs. L. H. Moberly and children.

Mrs. R. L. Moberly and Miss Mary Bellamy spent Friday with Mrs. Allen Turner.

MINERS LEAVING E. KY. COAL FIELDS

(Lexington Leader)

With many miners leaving the Eastern Kentucky coal fields and the mines receiving only about forty per cent of the normal supply of cars to handle their production, the coal situation in Kentucky grows more serious as the days go by.

Lexington and other Central Kentucky towns are beginning to feel the effect of the shortage, and what is worse there is little prospect of relief according to well-posted coal dealers.

Mr. Coleman told Mr. Land that before the end of the present week he expects to see coal at the mines reach \$10 a ton. As the transportation charges on a ton of coal from that field is \$1.60, Mr. Land figures that at this rate, coal will soon be costing Lexington dealers \$12 a ton laid down here—that is if they are able to get it at all.

A good many people are just as in-temperate with sugar as drunkards used to be with alcohol.

BOARD OF SUPERVISORS

The meeting of the board of supervisors which was to have been held on Tuesday morning, did not take place owing to the inability of two of the members to be present. The business was taken up this morning. While there is considerable business before the board, it is believed that the coming week will record the close of the session.

Miss Louella Bates, a Wisconsin girl, has reached Kentucky on transcontinental tour by truck, giving demonstrations. She will probably visit this city enroute.

The branch revenue office at Danville which was closed some time ago and moved to Lexington, will reopen according to information issuing from Washington.

Nearly Everybody in Greater Cincinnati Patronizes

The Mabley and Carew Co.
CINCINNATI'S GREATEST STORE. FOUNDED 1877.

It is Cincinnati's metropolitan store.

It's great volume of business is due to the fact that the best merchandise may be had here at all times at the very lowest prices.

Nearly everybody from the surrounding country who comes to Cincinnati for the purpose of shopping, visits the Mabley & Carew store.

The store is famous for its courteous treatment to everyone and its endeavor to please each patron.

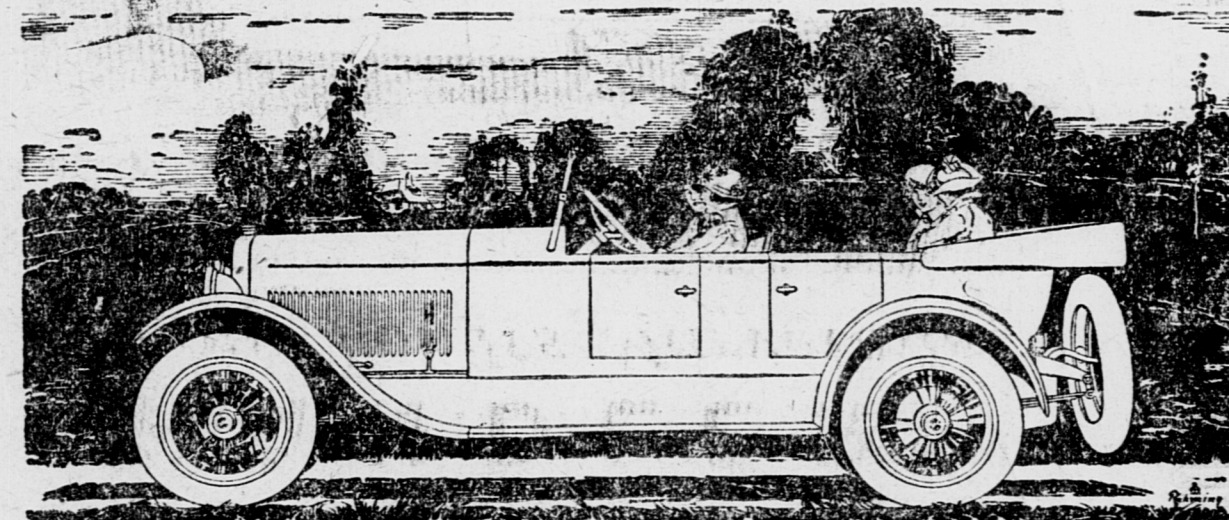

You are always welcome at The Mabley & Carew Co. There are rest rooms at your disposal, also checking facilities for your hand baggage. There is no charge for this service.

May we not have the pleasure of a visit from you on your next trip to Cincinnati.

NOTE—The electric clock shown in the illustration is a wonderful invention—it shows the correct time by four flashes every minute. It is in operation every evening from dusk until midnight. It is the only clock of its kind in this part of the country.

CHANDLER'S SIX Famous For Its Marvelous Motor

The Chandler Gives You the Service You Demand

THOUGHTFUL men, in selecting an automobile, find in the history of the Chandler Six a source of real confidence.

The Chandler motor of today is the development of the Chandler motor of seven years ago, embracing refinements and improvements which have been the natural development of these years of service in the hands of thousands of owners, and the constant application of the engineering skill and the sincerity of its builders.

Motors of one type and another have been heralded and retired within these years. But the Chandler motor, its true superiority proven in service on every roadway in America and in many nations abroad, has lived and gone forward into a place of distinction.

Men who have owned and driven many cars, men from coast to coast, will tell you the Chandler is the leader of all sixes. Over the long mountain roads or on the trails of the desert or in crowded city traffic, anywhere, the Chandler will give you the service you demand. Its power, its flexibility, and its sturdy endurance are not surpassed.

The Chandler Six is the Most Closely Priced Fine Car Built

SIX SPLENDID BODY TYPES
